Four New Campus Garages

The new Ohio Union South Garage is now open, providing 800 new spaces to campus visitors!

The new 9th Ave. East Garage, built east of the current 9th Ave. Garage, will provide 997 spaces in the Medical Center area. The garage is scheduled to open September 2009.

The Lane Avenue Parking Garage, located at the corner of Lane Avenue and Tuttle Park Place, will provide 1400 spaces in the central campus area. The garage will open early Winter Quarter 2010. A new Student Academic Services (SAS) building is also part of this construction project.

In association with the University's recent acquirement of the former "Holiday Inn at Lane" hotel turned residence hall, Transportation & Parking Services will manage the garage (the Old Holiday Inn Garage) facilities for this property. This parking facility will be available to hourly and keycard parking. Keycard access this year will be limited to "A", "E", and "R" permits.

South Cannon Garage Remains Open For 2009-2010

Revisions to the Project One Medical Center Construction Initiatives have delayed the closure of the South Cannon Garage indefinitely. Information will be posted as details become available.
